SUMMARY

A creative and user-focused UI/UX Designer with a passion for translating complex problems into clean, intuitive, and engaging digital experiences and strive to blend aesthetics with functionality.

EXPERIENCE

Junior UI UX Designer

CodSoft

1 Month Online

- ConnectWave Mobile App:** Designed a user-friendly interface for ConnectWave, a networking app, focusing on creating a seamless user experience for connecting people and expanding their networks.
- Brand Email Template:** Developed a visually appealing email template for HRX Brand, ensuring consistent branding, cross-device compatibility, and improved user engagement.
- ShopNest E-commerce Website:** an e-commerce platform, optimizing product listings, user navigation, and the checkout process to enhance user satisfaction and boost conversions.

PROJECTS

Dedicated to exploring innovative UI/UX design concepts through personal projects that push creative boundaries and elevate user experiences.

- Indian Bank Website Redesign:** Redesigned the redesign of the Indian Bank website to enhance user navigation and streamline access to essential services.
- Finnox:** Created a webinar platform for marketers to host engaging experiences that drive revenue and enhance audience interaction.
- Healthrive:** Developed a healthcare app featuring a custom reminder system to help users manage their health and wellness effectively.
- Shopfee:** Designed a user-friendly interface for a bustling coffee shop, streamlining order management to reduce wait times and enhance customer satisfaction.
- Murphy Co:** Created an intuitive platform for a one-stop horticultural store, streamlining the shopping experience for gardening enthusiasts.
